

關於我們 About Us

自1988年以來，致力於台灣本地熱澆道系統，以眾多產品經驗，平價快速的產品及服務，成為熱澆道領導品牌之一，並以強調品質保證，價格保證，服務保證，交期保證，提供完善的各項配合措施，成就客戶模具，已成熟運作64穴系統及特殊各項應用，如 STACK-MOLD，公模進澆，薄肉產品，PET瓶胚，醫療器材，包裝產品，汽機車產品，3C產品，化妝品...等，始終相信台灣產品是你最好的選擇，歡迎您的配合指教。

Since 1988, we started with our effort in developing local Hot Runner Systems. With broad experience, reasonable price and prompt service, we become one of the leaders of Hot Runner Systems now. We insist on the quality guarantee, prices guarantee, service guarantee, and delivery guarantee to catch up with customers' needs and molds with different measures. We have had sound record of 64-Cav. Systems and Special Applications such as: stack-molds, core side injection, thin-wall products, PET preforms, medical equipments, packaging products, mobile and motorcycle products, 3C products, cosmetics and so on. We believe Taiwan products are your best choices. And your advices are always welcomed.

始終相信 台灣產品是您最好的選擇
We always believe Taiwan products are your best choices.

四大保證 Four Guarantees

品質保證 — 台灣製造，精良品質

Quality Guarantee - Made in Taiwan, the best quality.

價格保證 — 熱澆道系統平價優質

Price Guarantee - Hot Runner System with reasonable prices.

服務保證 — 快速的客戶服務

Service Guarantee - Prompt customer service.

交期保證 — 最快的交貨期

Delivery Guarantee - The fastest delivery.

銅鑄加熱器熱澆道 NOZZLE WITH CAST-IN HEATER

- 採用歐洲進口加熱器及高導熱銅材，能夠提高熱傳導效能，使溫度均勻，品質穩定。
Imported European heaters with high heat conduction copper increase efficiency of conductivity, ensure uniform temperature and stable quality.
- 加熱器位置固定，即使漏膠也能依正常溫度生產。
Immovable heaters, manufactured under normal temperature even if plastic material leakage.
- 採用標準規格銅鑄加熱器，備有庫存，交貨快速，更換容易。
Use standard cast-in heaters. Always stock available.
Guarantee quick delivery and easy to replace.

管套加熱器熱澆道 NOZZLE WITH COIL HEATER

- 價格平實，泛用於一般塑材，規格齊全。
Reasonable price. Apply to general plastics. Full specification.
- 自動化機械在台生產，品質精良。
Manufactured in Taiwan with automatic machineries provides the best quality.
- 各式小頭，可依不同需求，自由更換。
All kinds of replaceable end caps to meet customers' needs.
- 30多年業界廣泛使用之產品。
Products extensively used in the industry for over 30 years.

各式加熱器 ELECTRIC HEATERS

- 歐洲進口加熱器，通過CE認證，加熱效能佳。
Imported European heaters with CE certificate, the best ability of heating.
- 管套加熱器，不會因熱膨脹而變形鬆脫。
Heaters with cover will not fall off due to heat expansion.
- 銅鑄加熱器，溫度傳導均勻，更換容易。
Cast-in heaters make the temperature uniform and easy to replace.

溫度控制器 TEMPERATURE CONTROLLER

- 二組設定值溫度控制
Dual SV temperature control
- 自動/手動功能
Auto/Manual function
- PID溫度自動控制
PID auto temperature control
- 二種感溫線型式(J/K)選擇
Selectable two thermocouple types (J/K)
- 二種溫度單位(°C/°F)選擇，溫度公差 $\pm 1^\circ\text{F}$
Selectable two temperature scales (°C/°F), temperature tolerance $\pm 1^\circ\text{F}$
- 六種可選擇警報輸出
Selectable six alarm modes
- 二種可選擇觸發輸出(Zero Cross/Phase Angle)
Selectable two trigger O/P modes(Zero Cross/Phase Angle)

分時序注塑控制器 SEQUENTIAL MOULDING CONTROLLER

- 二段時間差控制，可擴充至三段
Two section time control. And it is able to change to three section time control.
- 雙排LED顯示
Dual lines LED display.
- 單位顯示
Unit display.
- 時間單位最小0.1秒（可調為0.01秒）
The minimum unit of time is to 0.1 second (Adjustable to 0.01 second).
- 電磁閥及增壓器規格齊全，可適用於各種閥門設計
Various specs. of solenoid valve and boosting cylinder fit for various kinds of valve gate systems.

熱流板 MANIFOLD

- 壓入式熱流板，溫度均勻，接線容易
Press-in manifold, uniform temperature, easy wiring.
- 依客戶模具訂製，自動化機械生產，交期快速
Custom-made by auto-machine according to required specifications, fast delivery.
- 流道可選擇流體拋光，使流道更光滑順暢，換色更容易
Optional Abrasive Flow Machine to make flow channel smooth and easy for color change.
